4. Review details of specific Interface Pattern types previously listed in May within the table listing of the file "Target Interface Patterns -- Overview   V1.2.1":

   - See its listed Interface Types, Interactions, Input-Outputs, Systems of Access, Attributes. Do we agree that those listed in this table are substantially what we want to detail in each of these different Interface Pattern types?

5. Plan for this Interface Patterns Project report out at the July IS2017 Patterns Working Group Meeting. Same for GLRC2017 (October) and IW 2018 (January)

6. Plans for next activities:

   a. Next meeting date/time
   b. Actions before we meet next
   c. Activities when we meet next
